

C8 Wheels For Sale

Callaway forged wheels in polished aluminum with Michelin AS run-flats (same tires that come on non Z51)

Wheels are engineered specifically for C8 Stingray 2020 -24.

Fit either standard or Z51 models. (will not fit E-Ray or Z06)

Will bolt right on, no adapter plates or special lug nuts necessary.

Includes proper internal wheel air pressure sensors and Callaway supplied lug nuts which are nicer than factory.

Factory rim locks will work.

Tires show average 7/32 tread with generally even wear on all 4.

Everything in excellent condition.

Will look great on any C8.

Won a couple awards because of them, I believe.

\$4000.00 USD No shipping
